A Pharmacological Perspective - Global Research Online

The purpose of this paper is to provide a broad overview of the recent patterns and trends of urban growth in developing countries. Over the last 20 years many urban areas have experienced dramatic growth, as a result of rapid population growth and as the world's economy has been transformed by a combination of rapid technological and political change.

Urbanization in developing countries: Current trends

PEW RESEARCH CENTER is a nonpartisan fact tank that provides information on the issues, attitudes and trends shaping America and the world. It does so by conducting public opinion polling and social science research, by analyzing news coverage, and by holding forums and briefings. It does not take positions on policy issues.
