Brand language is the body of words, phrases, and terms that an organization uses to describe its purpose or in reference to its products. Brand language is used in marketing to help consumers connect specific words or ideas to specific companies or products. When developing a brand language, word choice and tone are the two fundamental components.

A digital citizen refers to a person utilizing information technology (IT) in order to engage in society, politics and government. K. Mossberger, et al. Define digital citizens as "those who use the Internet regularly and effectively". People characterizing themselves as digital citizens often use IT extensively, creating blogs, using social networks, and participating in online journalism.
