Research comprises "creative and systematic work undertaken to increase the stock of knowledge, including

knowledge of humans, culture and society, and the use of this stock of knowledge to devise new applications." It is used to establish or confirm facts, reaffirm the results of previous work, solve new or existing problems, support theorems, or develop new theories.

Methodology Papers. Descriptions of the methodologies used to prepare BEA's National, Industry, Regional, and International accounts data are accessible on this page.

BEA : Methodology Papers

In contrast to the social sciences, the interest in and use of narrative research within nursing is relatively new. Narrative inquiry was first used by Connelly and Clandinin as a methodology to describe the personal stories of teachers. Narrative researchers look for ways to understand and then present real-life experiences through the stories of the research participants , .

The power of story: Narrative inquiry as a methodology in
