

human resource development 4th pdf

The levels of human development have improved all over the world. Every developing region's HDI value increased considerably between 1990 and 2015, although progress has been slowing since 2010. This reflects important advances not only in income, but also in health and education.

Self-Determination Theory (SDT) is a theory of motivation.. It is concerned with supporting our natural or intrinsic tendencies to behave in effective and healthy ways. SDT has been researched and practiced by a network of researchers around the world.. The theory was initially developed by Edward L. Deci and Richard M. Ryan, and has been elaborated and refined by scholars from many countries.
