Artificial Intelligence and the Modern Productivity Paradox: A Clash of Expectations and Statistics — (This is a minor revision of NBER Working Paper No. 24001)

Artificial Intelligence and the Modern Productivity

The history of statistics in the modern sense dates from the mid-17th century, with the term statistics itself coined in 1749 in German, although there have been changes to the interpretation of the word over time. The development of statistics is intimately connected on the one hand with the development of sovereign states, particularly European states following the Peace of Westphalia (1648 ...
