“Science fiction deals with improbable possibilities, fantasy with plausible impossibilities.” ? Miriam Allen de Ford This compilation will be broken to several parts in order to cater to new additions in the future.

Tens of Thousands of Free Ebooks on Science Fiction and

Science Fiction (often called sci-fi or SF) is a popular genre of fiction in which the narrative world differs from our own present or historical reality in at least one significant way. This difference may be technological, physical, historical, sociological, philosophical, metaphysical, etc, but not magical (see Fantasy).
