What is the Apple Cider Vinegar Diet? Here's the deal: The apple cider vinegar diet consists of eating a healthy balanced diet while adding small doses of apple cider vinegar to drinks or meals. Contrary to how it sounds, it's not a diet exclusively made up of apple cider vinegar, that would most likely get gross real quick.

Must (from the Latin vinum mustum, "young wine") is freshly crushed fruit juice (usually grape juice) that contains the skins, seeds, and stems of the fruit. The solid portion of the must is called pomace and typically makes up 7-23% of the total weight of the must. Making must is the first step in winemaking. Because of its high glucose content, typically between 10 and 15%, must is also ...
